In spring 2019, Keep Britain Tidy is calling on everyone to help improve the environment on their doorstep and take part in the country's biggest mass-participation environmental campaign.

We're aiming to inspire around half a million people to join forces - in partnership with community organisations, businesses and the government - to collect and safely dispose of litter from our streets, parks and beaches, recycling as much as possible.

This year, we're asking people to host or join a clean-up or pledge to do their own thing. Our #GBSpringClean website opens for registration on 26th January 2019.

So join the Great British Spring Clean as we stand together and declare that litter - that degrades the beauty of our environment and threatens to harm wildlife - is not acceptable.
