

Health and Wellbeing Policy Development Committee

What we said we'd achieve in 2011/12

Priority Outcome: People – Active and Healthy Lifestyles

How are we doing so far?

We said we would: Regulate local food and businesses to protect public health

As performance measures:

Percentage of premises classes as broadly compliant with legal requirements.

93%

This figure is an annual indicator measured at 31 March each year. Fluctuations are normal as the figure continually changes with ongoing inspections.

Complete the required number of food hygiene inspections each quarter.

97%

The shortfall is due to three lowest risk (E) category inspections, which are to be subject to an alternative intervention, in line with government guidance.

Number of enforcement actions taken.

81%

Levels of enforcement activity are as expected

There is no case study for Quarter 3
