1	No	No Cannock Leisure Center	Annual	Individual	Yes	Yes	All Equipment Should Be accessible i.e. At least one meter apart for wheelchair users	WS11 1PT	Arthritis Care Cannock District, Cannock & Rugeley Access group, Cannock & Staffs Athletics Club	Disabled people will not use a hoist in public, you are putting them on show depleting their confidence. You could however have removable long graded steps. Making it easier for all to enter the pool, these can then be removed for swimming lessons or gala
2	Yes	No						WS11 1EN		Will Cannock members be able to swim at rugeley while Cannock baths are being built? If so what times? Any additional time being given for travelling time i.e. opening at 6.30am

6	Yes	Yes	Annual member	As an individual	No	Yes	Abdominal crunch machine. A wider range of TV monitors to relieve boredom and not have to suffer the soaps. More machines measure your heart beat	WS15 1GQ		Very pleased to be invited and well worth the effort. Looking forward to the improved facilities at rugeley, which, being new to the area we are enjoying. The staff at the leisure centre are extremely friendly and helpful. May get fit one day.
7	Yes	Yes	Annual member	As a family	No	Yes	No more rowing machine and cycles please	WS15 1GQ		We are recent residents of rugeley and Staffordshire. We are very impressed with the approach and look forward to using the existing and extended facilities to the greatest extent that time permits
8	Yes	No						WS11 4NN		
9	Yes	No		As a family	Yes	Yes				Informative, friendly and very useful
12	No	No		As an individual	Yes	Yes	Two questionnaires completed from the same postcode, same comments but in different order.	WS15 2NG		Rugeley Pool needs same opening times as Cannock. Disabled access to Rugeley and Cannock pools, not hoists, wide steps? Larger pool at Cannock if Rugeley has limited times. Round pool not very good, distance swimmers. Disabled parking monitored, non disabled use this area in Cannock now. Cleaning using dirty mops makes new clean floors etc. dirty.
