**QUARTER 3 PERFORMANCE REPORT 2017/18**

**1 Purpose of Report**

- 1.1 To advise Members on the position at the end of Quarter 3 for 2017/18, in respect of the Priority Outcomes as set out in the Corporate Plan 2015-18 and in the supporting Priority Delivery Plans (PDPs) for 2017/18.

**2 Recommendations**

- 2.1 To note the performance information relating to PDPs as detailed in Appendices 1 – 4.
- 2.2 To consider the actions which have been flagged as requiring amendment to the timescale, scope or timeline.

**3 Key Issues and Reasons for Recommendation**

- 3.1 Information for performance actions and indicators for Quarter 3 2017/18 is included for relevant items in Appendices 1 to 4. The overall rankings for each Portfolio area are detailed in Section 5 below, indicating that 80.9% of actions/projects have been achieved or are on target to be achieved.

**4 Relationship to Corporate Priorities**

- 4.1 This report supports the Council's Corporate Priorities as follows:
- (i) The indicators and actions contribute individually to the Council's Strategic Objectives as set out in the Corporate Plan 2015-18.

**5 Report Detail**

- 5.1 The Council's Corporate Plan 2015-18 was approved by Cabinet on 23 June 2015, superseding the previous Corporate Plan for 2011-14 and setting out the revised mission, priorities and strategic objectives of Cannock Chase District Council for the next three years.
- 5.2 The supporting Priority Delivery Plans (PDPs) are the annual documents that set out how the Council will achieve progress against its strategic objectives; these plans establish the actions, performance measures and timetables for delivery that are the basis of the Council's quarterly and annual performance reporting framework.
- 5.3 The PDPs include "Direction of Travel" performance indicators (PIs) and actions outlining the significant projects and initiatives being undertaken by the Council in regard to the strategic objectives.
- 5.4 The Lead Officers for each of the projects/actions have provided a commentary on performance and a rating and these are included in Appendices 1-4. A summary of progress, by rating, is given in the table at 5.6. The projects/actions are rated according to the system illustrated below. At the end of Quarter 3 good progress has been made in the delivery of projects/actions with 80.9% delivered or on target to be achieved. Work is in progress on 19.1% of actions, albeit they are behind schedule.
- 5.5 The Lead Officers have also provided data for the Direction of Travel Indicators. Some of these indicators are traditional performance indicators, in which case an assessment has been made as to whether the target has been achieved. The other indicators are "measures" and the intention is to use these to assess the Council's direction of travel over the medium to long term. All of the Direction of Travel Indicators are reported for each of the Corporate Priorities at the front of each of the appendices 1-4.

<p>Develop a strategy to secure improvements to Cannock Railway Station (in association with improved connectivity between Mill Green Designer Outlet Village, the station and the town centre), Hednesford and Rugeley Railway Stations</p> <p>Cannock Station – SCC, Network Rail and WMR is developing a 'Chase Line Stations Alliance' which, together with the new West Midlands franchise operator, is hoped to bring about substantial improvements to Chase Line stations. The station's Vision seeks to ensure they are instantly recognisable in the areas which they serve and also integrate properly into the community. Stations should act as 'Gateways', with quality infrastructure and more facilities such as shops. The study is in two stages: Stage 1 is to confirm the projects for outline development. It is anticipated that this stage will result in a shortlist of projects for further development. Stage 2 will develop outline a masterplan for each of the prioritised stations from Stage 1. Site inspections of Cannock, Hednesford and Rugeley Town were carried out in June and initial concept proposals have been produced. WMR have acknowledged that Cannock Station is a priority.</p>	<p>Enhance connectivity across the District and outside of the District. Increased numbers of rail passengers.</p>

The area, which has been a hub for anti-social behaviour has been transformed with new paths and raised beds and later this year Community Groups will commence planting.</p> <p>Quarter 2 The gates to the garden are now always open and a volunteer day was held during this period. The Church and its users have reported a significant reduction in anti-social behaviour on the premises since the introduction of the garden and the contractor has donated 200 sensory plants to be planted during Quarter 3.</p> <p>Quarter 3 10 volunteers for the Prince's Trust have been working over 500 hours on the project. Feedback for the volunteers has been extremely positive and in some cases has inspired students to carry on gardening. A film about the project has also been completed. Work will recommence in the spring when it is anticipated that the community will donate and assist in the final completion of the project.</p>

The notice or letter will be deemed to be served by all partners and it is their collective responsibility to collect any evidence of breach. The onus on serving the paperwork would still sit with Police, Housing, Env Health but the response to issues being addressed under the Community Safety Hubs authority.</p> <p>The corporate policy will demonstrate good partnership working and multi-agency opinions would hopefully ensure that the terms of any notices were proportionate and practical. Additionally, it would solve our ongoing issues re: accurate monitoring of who has received such notices, whilst also raising greater awareness amongst partners to assist with evidencing breaches.</p> <p>Q3 – A draft ASB Policy has been circulated to key partners both internally and externally.
