# CABINET 7 FEBRUARY 2019

#### **HOUSING REVENUE ACCOUNT CAPITAL PROGRAMMES 2018-19 TO 2022-23**

# 1 Purpose of Report

- 1.1 To review the 2018-19 HRA Capital Programme.
- 1.2 To refresh the Housing Revenue Account Capital Programme budgets for the period 2018-19 to 2022-23.
- 1.3 To present an updated four year Housing Revenue Account Capital Programme for consideration by Council on 20 February 2019.

## 2 Recommendations

- 2.1 That the estimated availability of Housing Revenue Account capital resources for the period 2018-19 to 2022-23 (as set out in Appendix 1) be noted.
- 2.2 That Council, on 20 February 2019, is recommended to approve the four year Housing Revenue Account Capital Programme for the period 2019-20 to 2022-23 (as set out in Appendix 2).

# 3 Key Issues and Reasons for Recommendation

#### Key Issues

3.1 This report considers the draft proposed four year HRA Capital Programme for the period 2019-20 to 2022-23, together with the forecast outturn for 2018-19, compiled within the financial framework provided by the Approved HRA Business Plan.

- 3.2 Details of the estimated availability of HRA capital resources during the five year period are set out in Appendix 1, whilst a five year HRA Capital Programme is set out in Appendix 2.
- 3.3 The Capital Programme is an interim programme awaiting the determination of an Housing Investment Strategy. The programme, as approved in 2018-19, includes an allocation of £12million for new social housing. This has been enhanced by the transfer of £0.929 million of resources from the General Fund Capital programme in relation to Affordable Housing provision.
- 3.4 A Strategy, based upon an options appraisal, to increase social housing based upon the housing needs of the district and land availability is currently being developed. In addition to the 5 year Investment fund for social housing the Strategy will reflect the opportunities arising from the removal of the borrowing cap for the HRA.

#### Reasons for recommendation

3.5 That Cabinet are required to propose a budget in relation to the HRA Capital Programme for submission to Council on the 20 February.

#### 4 Relationship to Corporate Priorities

- 4.1 The proposed HRA budgets would contribute to the following strategic objectives, which form part of the Housing Portfolio section within the 2018-19 "More and Better Housing" Priority Delivery Plan, i.e.
  - (i) Increase the supply of affordable housing.
  - (ii) Improving the Council's social housing stock.

## 5 Report Detail

- 5.1 Cabinet on 10 December 2015 approved a revised Housing Revenue Account Business Plan for the continued implementation of the devolved HRA "self financing system" that covered the five year period 2015-16 to 2019-20.
- 5.2 A new 30 year business plan was held in abeyance pending the details of the High Value Payment Levy being published and its impact determined. However a medium term (5 year) capital programme was approved as part of the 2018-19 budget enabling an Interim Investment Strategy to be put in place. The Strategy enabled a £12 million Investment Fund for the delivery of new social housing to be created based upon a prudent Balanced Revenue Budget. In particular the provision for void levels had been maintained at 2% to mitigate the potential revenue impact of the High Value Payment levy.
- 5.3 The recommendations as contained in the initial 30 Year Business Plan report above provided a Balanced Budget to 2019-20 and provided the financial framework to present Cabinet with capital programme budgets for the period 2018-19 to 2022-23.

- 5.4 As detailed in the HRA Revenue Budget Report the High Value Levy proposal has been abandoned and hence a new 30 year Business Plan is required that takes into account:
  - The Governments Future Rent policy
  - An updated Stock Condition Survey
  - New Build Strategy (including the removal of the borrowing cap on the HRA).
- 5.5 The new build strategy had been limited by a cap on borrowing as determined by debt arising from the 2012 Self Financing Settlement, as amended by supported borrowing permissions from the Government. However the Government removed this cap on the 29 October 2018 via "The Limits on Indebtedness (Revocation) Determination 2018 ".Borrowing is however restricted in accordance with the Prudential Code for Capital Finance whereby borrowing needs to be prudent, affordable and sustainable.
- 5.6 The development of a new 30 Year Business will determine the scope for new social housing in addition to the £12.9 million investment fund.
- 5.7 This report therefore provides only a refresh of the existing five year HRA Capital Programme as approved by Council on 7 February 2018.

## **Estimated Availability of HRA Capital Resources**

- 5.8 Details of the estimated availability of HRA capital resources for the period 2018-19 to 2022-23 are set out in Appendix 1. These are in accordance with the assumptions in the Business Plan with subsequent adjustments to reflect:-
  - (i) The anticipated outturn in respect of the 2018-19 HRA Capital Programme;
  - (ii) Amendments to the revenue contribution to capital outlay following the detailed budget formulation work in respect of the Housing Revenue Account.
- 5.9 No material changes arise in relation to the 2018-19 capital programme, subject to certain expenditure slipping into 2019-20 and increased demand for Disabled Facility Grants. The 2018-19 budget includes additional resources of for DFG's amounting to £0.150 million with a total additional allocation of £0.832 million over the remaining 4 years of the programme.
  - Whereas the 2019-20 programme seeks an additional £0.319 million as compared to the original five year programme.
- 5.10 The HRA Revenue Budget, included elsewhere on the Agenda, includes the following Revenue Contributions to Capital Outlay during the three year programme period, with figures extrapolated to 2022-23:-

| 2018-19 | 2019-20 | 2020-21 | 2021-22 | 2022-23 |  |
|---------|---------|---------|---------|---------|--|
| £'000   | £'000   | £'000   | £'000   | £'000   |  |
| 4,616   | 3,895   | 3,707   | 3,827   | 3,390   |  |

5.11 The increase in Revenue Contribution to Capital Outlay and other minor variations results in Available Capital resources as at 31 March 2023 amounting to £0.872 million an increase of £0.432 million as compared to the Interim Business Plan.
