## Building Control - Guide to Charges

The charges set out overleaf are intended to cover the cost of the building control service provided by these Councils for the majority of non-complex domestic projects. There are two methods of establishing the charge for building regulation applications. These are individually determined and standard charges. If the charge for your Building Regulation work is not included within the standard charge categories it will be individually determined. In addition to this if you are carrying out multiple types of work at the same time or highly repetitive work we may be able to reduce the standard charges.

## Standard Charges

The table sets out standard charges that apply only to domestic dwellings in the following circumstances:

- 1. The work consists of the erection or conversion of a single new dwelling**
- 2. The work consists of an extension or alterations to a dwelling**
- 3. The work consists of a detached domestic building**
- 4. The work consists of other alterations to a dwelling with an estimated cost of less than £5000**

## Individual Determined Charges

Charges are individually determined for all domestic work which falls outside the categories set out in the table and for all other work involving new dwellings and non-domestic buildings, including:

- 1. The erection or conversion of 2 or more dwellings**
- 2. The erection, extension or alteration to any non-domestic building**
- 3. Domestic extensions and detached buildings with a floor area over 100m<sup>2</sup>**
- 4. Domestic building work consisting of alterations with an estimated cost exceeding £5000**
- 5. Any regularisation charge**
- 6. Any reversion charge**

Application forms are available for the following types of application:

## Full Plans and Building Notice Applications

The plan fee is payable at the time of the application being made to the Authority. Where applicable you will be invoiced for the inspection fee after the work has commenced on site. Once an application has been received by the authority, work may commence on site after 48 hours.

## Replacement Windows and External Doors

A standard fee is payable for applications associated with the installation of replacement windows and external doors.

## Regularisation Applications

Regularisation Applications may be submitted for unauthorised work that has been carried out since 11th November 1985. The fees are determined individually and are not subject to VAT.

## Payment

Please choose one of the following payment options:

Telephone Payment - please call **01785 619340** with your debit/credit card details.

Cheque - please make cheque payable to **Cannock Chase District Council** and post it with your application to the address above.

The schedules are for guidance only and you are strongly advised to contact Building Control to discuss the fees for your project.

**Note:**

1. An additional charge of £320.00 + vat will be payable if the electrical work is NOT carried out by a Part P registered electrician or by a person who is qualified to complete BS 7671 installation certificates.
2. The floor area stated in the above categories does not include basements. Any work which includes a basement will be subject to an individually determined charge.
3. The charges are based on the assumption that the design and building work are undertaken by a person or company that is competent to carry out those works. If this is not the case and additional plan checking or site inspections are required the work may incur supplementary charges.
4. The charges have also been set on the basis that the duration of the building work from commencement to completion does not exceed 12 months. If it does then supplementary charges may apply.
5. A copy of the appropriate documentation regarding the installation will be required for completion and the works will need to be commissioned by a competent person.

For further information or clarification on the charge you need to pay with your application or for individual quotes for work which does not come within this table then please telephone **Jason Kessey** on **01785 619529** or **Robert Hayward** on **01785 619328** or email **[buildingcontrol@cannockchasedc.gov.uk](mailto:buildingcontrol@cannockchasedc.gov.uk)**
