

Community Safety Delivery Plan 2022/23

Introduction

Community Safety Partnerships (CSPs) are statutorily responsible for reducing crime and disorder, substance misuse and re-offending in their local authority area. The local Strategic Assessment, produced by the Strategy Team at Staffordshire County Council and the Research and Analysis Unit at Staffordshire Police, informs the CSP of its priorities, whilst the Community Safety Delivery Plan sets out what the CSP is doing to address these issues.

The specific Strategic Priorities for Cannock Chase's CSP for 2022/23 are:

- Anti-Social Behaviour (ASB)
- Domestic Abuse and Stalking & Harassment
- Community Cohesion & Tackling Extremism
- County Lines
- Vulnerable Persons and Contextual Safeguarding

Although the following are not considered a main priority for Cannock Chase as the issues present in a similar way to the force-area overall, they are recommended for additional consideration due to their volume, impact on communities and level of public expectation:

- Serious violence; Public-place violence and late-night alcohol-related violence
- Repeat and Persistent Offending

In addition, there are some challenges which, while not necessarily overly present in the partnership area, require the work of the whole partnership to address. It is important for each partnership to consider how they can contribute to the force-wide approach and strategy. These challenges are highlighted as:

- Modern Slavery
- Fraud
- Fire and Risk of Fire
- Business Crime
- Serious Violence
- Safer Roads
- Violence Against Women & Girls

In addition to the above, Cannock Chase's CSP operates under the umbrella of the Police, Fire and Crime Commissioner for Staffordshire's (PFCC) Community Safety Priorities. These are:

- **A Local and Responsive Service:** Understand and deal with what matters to communities, respond promptly to incidents and work with partners to solve problems and prevent them from getting worse. This will mean that crime and ASB reduces, our roads are safer and confidence in Staffordshire Police increases.
- **Prevent Harm and Protect People:** Prevent harm and protect people (particularly children and those that are vulnerable) by ensuring they are appropriately safeguarded and receive the help and support they need.
- **Support Victims and Witnesses:** Ensure victims and witnesses are provided with exceptional specialist support services so they feel able to cope and recover from the impact of crime and ASB.
- **Reduce Offending and Re-offending:** Ensure people are challenged and supported to make life choices that will prevent them from offending and perpetrators don't reoffend. Doing so will mean fewer victims of crime.
- **A More Effective Criminal Justice System:** Ensure Staffordshire Police, the Crown Prosecution Service, Courts, the National Probation Service and HM Prison Service all work seamlessly so that effective justice is delivered quickly.

Action	Responsible Agency	Additional Agencies involved	Priorities Met	Target date
CSP to chair and manage the multi-agency Community Safety Hub (CSH), ensuring that all key crime/vulnerability issues and emerging trends which are affecting the community, and individuals, are tackled.
