

Good Afternoon

Regarding the proposed Consultation for protected open spaces that closes on March 26th 2018.

We ask for the area between number 1 and 3 and number 5 and 7 Hillside Close Hednesford to be included in the Proposed Protected Open Spaces (Appendix 6) on the grounds that whilst there is an extensive list of places considered for protection none of these are in the immediate vicinity of Hillside Close, indeed the land along Heath Street opposite Hillside Close should also be included.

We feel that we need to preserve what is left of Green Land in our area. So could you please submit this request with the rest of the requests for consideration.

Many Thanks

Mr and Mrs R Hughes
