<b>1. Executive Summary</b> .....	<b>1</b>
<b>2. Introduction</b> .....	<b>2</b>
<b>3. Background</b> .....	<b>3</b>
<b>5. Five Year Land Supply Position</b> .....	<b>5</b>
<b>Appendix A: Deliverable 0-5 year sites</b>	

## 1. Executive Summary

- 1.1 This document sets out the latest position on Five-Year Housing Land Supply, following the adoption of the Local Plan 2018 - 2040. It explains the Council's five-year housing land supply requirement and identifies the sites that form the land supply including those sites allocated within the Local Plan and identified within the Five Year trajectory.
- 1.2 On the basis of the information and evidence included within this document, the Council is able to demonstrate a land supply position of **5.72** years against the housing requirement of **1,320** dwellings across the five-year period 2025-2030.

## 2. Introduction

- 2.1 This Five Year Housing Land Statement (5YHLS) provides an update on the housing land supply position statement for the period 2025-2030, following the adoption of the Local Plan. The update introduces the appropriate Local Plan allocations into the five-year supply, the data for all other sites remains base dated to 31 March 2025 as a full update of the monitoring data has not yet been completed. This statement provides an update to the previous statement published by the Council in November 2025.
- 2.2 The statement and calculations within it follow the guidance provided within the National Planning Policy Framework (NPPF) and National Planning Policy Guidance (PPG). It describes the position relating to the scale and nature of the supply of deliverable housing land within Cannock Chase District and the data which underpins it, drawing upon a range of monitoring data including outputs from the Council's latest SHLAA (2025).
- 2.3 The Council adopted the Local Plan 2018 - 2040 on 23 March 2026 which supersedes the Local Plan (Part 1) adopted in June 2014. The Local Plan 2018 - 2040 includes a range of strategic policies including those relating to housing need, the scale and distribution of housing growth, and site allocations to meet housing requirements. Where site allocations have been identified in the Local Plan trajectory to come forward between 2025 - 2030 these have been moved into the relevant section within the SHLAA database in line with the SHLAA methodology.
- 2.4 The following sections set out the background to the production of this statement and provide a more detailed breakdown of the requirement and supply sides of the calculation, while the Appendix lists the sites within the five-year supply.

### 3. Background

- 3.1 The NPPF emphasises the Government's objective of significantly boosting the supply of homes indicating that it is important that a sufficient amount and variety of land can come forward where it is needed. The framework requires Local Planning Authorities (LPAs) to identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years' worth of housing either against the housing requirement set out in the authorities adopted Local Plan or in certain circumstances, the local housing need figure derived using the Government's standard method. Both plan making and monitoring have a role in ensuring this happens by determining the minimum number of homes needed and understanding changes to the land supply.
- 3.2 The purpose of a five-year land supply position statement is to provide a listing of the currently deliverable sites across the District and an assessment (having set out the timescales for their delivery) as to whether they are sufficient to meet the five-year requirement. The statement is a material consideration which should be considered when dealing with planning applications and appeals.
- 3.3 The revised NPPF published 12 December 2024 set a new methodology for calculating housing need as set out in Section 4 which uses existing dwelling stock in the calculation as opposed to the previous method which used household projections. As a result of the recent change to the NPPF, the housing need calculation for Cannock Chase District is significantly higher than last year's target. This means a much greater land supply is required to be able to demonstrate a 5 year land supply.

#### **Previous Five-Year Land Supply Position Statement - December 2025:**

- 3.4 The Council's previous five-year land supply position statement was published in November 2025. This set out that the Council, at the time, were unable to demonstrate a five-year land supply position and had a supply of 1.61 years against the housing requirement.

#### **Planning Policy Context**

- 3.5 The NPPF (December 2024) sets out at paragraph 78 the need for LPAs to identify and update annually a supply of deliverable sites:

*Strategic policies should include a trajectory illustrating the expected rate of housing delivery over the plan period, and all plans should consider whether it is appropriate to set out the anticipated rate of development for specific sites. Local planning authorities should identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years' worth of housing against their housing requirement set out in adopted strategic policies, or against their local housing need where the strategic policies are more than five years old.*

- 3.6 The PPG also supports the NPPF and states the purpose of a five-year housing land supply and, critically, sets out that the standard method should be used for calculating housing need where strategic policies are more than five years old (Reference ID: 68-003-20190722).
- 3.7 The PPG also sets out further guidance on technical matters and various sections are referred to throughout this Position Statement alongside relevant sections of the NPPF.

**Cannock Chase Local Plan 2018 - 2040**

- 3.8 The PPG requires that for the period within five years of a plan being adopted (or where a plan housing target has been subsequently formally reviewed) the strategic housing requirement of that plan should be used to calculate the five-year supply.
- 3.9 In the case of Cannock Chase District, the strategic housing requirement was set in the 2018 - 2040 Local Plan which was adopted on 23 March 2026. Therefore, the housing requirement figure identified in the adopted strategic housing policies should be used for calculating the five-year housing land supply.

## 5. Five Year Land Supply Position

- 5.1. The NPPF states that Council's should identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years' worth of housing against their housing requirement.
- 5.2. This position statement provides an updated summary of the Council's five-year land supply for the period 1<sup>st</sup> April 2025 to 31<sup>st</sup> March 2030 following the adoption of the Local Plan 2018 - 2040. It identifies that the Council currently has a housing land supply of 5.72 years and thus does have a five-year supply of housing.
- 5.3. The guidance states that the NPPF requires the addition of an appropriate buffer to the five-year supply. The Council has previously provided a 5% buffer to its housing land supply as there is no under delivery in terms of completions. Under delivery is measured by the Housing Delivery Test. The Government publish the housing delivery test results<sup>1</sup>. The tables show that Cannock Chase passes the test with a result of 191%. As such there is no record of under delivery and it is appropriate to add a 5% buffer.
- 5.4. The strategic housing requirement for the first five years of the adopted Local Plan sets out a requirement for **264** dwellings per annum.

### Housing Land Supply

- 5.5. The five year supply has been identified in accordance with the NPPF and PPG in terms of what can be considered 'deliverable' sites. The NPPF indicates that to be considered deliverable, sites for housing should be available now, offer a suitable location for development now, and be achievable with a realistic prospect that housing will be delivered on site within five years. In particular:
- a) *sites which do not involve major development and have planning permission, and all sites with detailed planning permission, should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within five years (for example because they are no longer viable, there is no longer a demand for the types of units or sites have long term phasing plans).*
  - b) *where a site has outline planning permission for major development, has been allocated in a development plan, has a grant of permission in principle, or is identified on a brownfield register, it should only be considered deliverable where there is clear evidence that housing completions will begin on site within 5 years.*
- 5.6. PPG Guidance furthers the definition provided in Annex 2 of the NPPF, and states that:

<sup>1</sup> [Housing Delivery Test: 2023 measurement - GOV.UK](#)

*as well as sites which are considered to be deliverable in principle, this definition also sets out the sites which would require further evidence to be considered deliverable, namely those which:*

- *have outline planning permission for major development;*
- *are allocated in a development plan;*
- *have a grant of permission in principle; or*
- *are identified on a brownfield register.*

*Such evidence, to demonstrate availability, may include:*

- *current planning status - for, example, on larger scale sites with outline or hybrid permission how much progress has been made towards approving reserved matters, or whether these link to a planning performance agreement that sets out the timescale for approval of reserved matters applications and discharge of conditions;*
- *firm progress being made towards the submission of an application - for example, a written agreement between the local planning authority and the site developer(s) which confirms the developers' delivery intentions and anticipated start and build-out rates;*
- *firm progress with site assessment work; or*
- *clear relevant information about site availability, ownership constraints or infrastructure provision, such as successful participation in bids for large-scale infrastructure funding or other similar projects.*

- 5.7. In accordance with the most recent SHLAA methodology (2025), the Council has determined if a site is deliverable via correspondence with developers and/or landowners on site progress and utilising information on the progress of planning applications/permission (e.g. discharge of conditions). This correspondence has also been used to inform the expected delivery rate of the site. For those major sites that constitute a more significant part of the five-year supply, position statements have been produced in conjunction with the landowners/developers in order to provide a robust evidence base for expected delivery rates.
- 5.8. This sites identified through Local Plan allocation have been assessed through the Local Plan examination process, and meet the relevant criteria as set out in the PPG. The Council consider it appropriate to bring these sites forward into the Five-Year Supply. As part of the annual monitoring process these sites will be continued to be monitored for development progress and the database will be adjusted in line with the Framework and PPG where required.
- 5.9. The PPG identifies that C2 use classes can be counted towards the local housing requirement, including in the five-year housing land supply. Where there are C2 use class schemes identified as deliverable in the District these have been discounted in accordance with the guidance and form part of the District's five-year supply for 2025.

- 5.10. A schedule of the sites included within the current five year supply is provided in Appendix A and is taken from the SHLAA 2025 including an update to incorporate the Local Plan Allocations.

Table 5.1: Summary of the Overall Sources of Supply

Dwellings on major sites under construction	116
Dwellings on major sites with full planning permission	541
Dwellings on major sites with outline planning permission	51
Dwellings on major Local Plan Allocation Sites	662
Dwellings on minor sites with grant of permission in principle	1
Dwellings on minor sites under construction	74
Dwellings on minor sites with full or outline planning permission	145
Windfall Allowance <sup>2</sup>	54
27% Non-Implementation Discount <sup>3</sup>	-59.4
<b>Total Deliverable Supply<sup>4</sup></b>	<b>1,584.6</b>

### Past Housing Delivery and Buffer Requirements

- 5.11. The NPPF at paragraph 79 specifies that to maintain the supply of housing, LPAs should monitor progress in building out sites which have permission. Where the Housing Delivery Test indicates that delivery has fallen below the LPAs housing requirement over the previous three years, the following policy consequences should apply:
- a) *where delivery falls below 95% of the requirement over the previous three years, the authority should prepare an action plan to assess the causes of under delivery and identify actions to increase delivery in future years;*
  - b) *where delivery falls below 85% of the requirement over the previous three years, the authority should include a buffer of 20% to their identified supply of specific deliverable sites as set out in paragraph 78 of this framework, in addition to the requirements for an action plan;*
  - c) *where delivery falls below 75% of the requirement of the previous three years, the presumption in favour of sustainable development applies, as set out in footnote 8 of this Framework, in addition to the requirements for an action plan and 20% buffer.*
- 5.12. The most recent housing delivery tests were published on 12 December 2024. This indicates that Cannock Chase delivered 191% of the relevant housing requirement over the measurement period. As the housing delivery test shows Cannock Chase is delivering over the housing requirement for the purposes of calculating the five-year housing land supply, it is appropriate to apply a 5% buffer.

<sup>2</sup> See SHLAA 2025 for further details

<sup>3</sup> See SHLAA 2025 for further details

<sup>4</sup> See Table 4.1 of the SHLAA 2025 for full breakdown of calculation

Table 5.2: Five Year Housing Land Supply as at 25 March 2026

Baseline Target	Local Plan Housing Requirement
Annual housing target <sup>5</sup>	264 net dwellings
Five year supply requirement <sup>6</sup>	1,320 net dwellings
Add 5% buffer <sup>7</sup>	66 net dwellings
Final Five Year Supply Requirement	1,386 (277.2 net dwellings per annum)
Total Deliverable Supply (including windfalls and non implementation discount) <sup>8</sup>	1,584.6 net dwellings
Balance	+198.6 net dwellings
<b>Years Supply (1,584.6/277.2)</b>	<b>5.72 (rounded)<sup>9</sup></b>

Table 5.3: Recalculated Five Year Supply

Supply	Total
Unadjusted five year supply	1,590
Windfall allowance	+54
Non-implementation discount	-59.4
Readjusted five year supply	1,584.6

<sup>5</sup> Annual Housing Target: This uses the figures within the adopted Local Plan strategic housing policies.

<sup>6</sup> Five year supply requirement: This is calculated as follows: 264 dwellings x 5 years = 1,320 dwellings

<sup>7</sup> Buffer: 5% of five year requirement (1,320 dwellings) as detailed in Section 5

<sup>8</sup> Windfall and non-implementation discount: The five year supply pre-windfall allowance and the non-implementation discount is 1,590 dwellings. The windfall allowance in the 5 year supply results in an additional 54 dwellings whilst the non-implementation rate applied results in a discount of 59.4 dwellings. This results in a recalculated five year supply of 1,584.6 dwellings as per Table 5.3.

<sup>9</sup> The Five Year supply has been calculated with the inclusion of the relevant number of dwellings from the allocated strategic residential sites identified within the Local Plan.

**APPENDIX A: 0-5 YEAR DELIVERABLE SITES**

Site ID	Location	Site Area (Ha) (NDA if provided)	Density (dph)	Easting	Northing	Major or Minor Site	Suitable?	Available?	Achievability	Character Area	Character Area Density Zone	Ward	Net Developable Area	Potential Yield		Notes	Potential Constraints	Status	Brownfield/ Greenfield

<b>C469</b>	A Dunford and Son, Brindley Heath Road, Cannock, WS12 4DR	0.18	83.33	400406	313324	Minor	YES	YES	Achievable within 5 years	Pye Green Valley	Suburban Area 35dph	Hednesford Pye Green	100%	15	-	CH/18/145 is outline planning permission for the erection of 6no. 2 bed houses and 2no. 3 bed houses granted July 2019. Timeframe has expired for submission of Reserved Matters. CH/22/0419 is a planning application for the demolition of existing buildings and the erection of 3no. apartment buildings providing 15no. dwellings, plus associated development including access, parking and landscaping, granted December 2025. Site was formerly 1 Brindley Heath Road, Cannock in previous SHLAAs. Site allocated within the Local Plan 2018 - 2040.	Potential Contaminated Land	Development potential, <b>FULL</b> planning permission	Brownfield
<b>C498</b>	23 Walsall Road, Cannock, WS11 0GA	0.11	106	398240	309972	Major	YES	YES	Achievable within 5 years	Cannock Town Centre	Urban Town Centre - 50dph	Cannock, Longford & Bridgtown	100%	12	-	CH/19/399 is an outline application - some matters reserved for residential development of 12no. Apartments and associated works - Withdrawn 06/02/2020. CH/20/128 is an outline application (some matters reserved) for the erection of 12 apartments & associated works (re-submission of CH/19/399), granted February 2021. CH/22/0191 is a planning application for the erection of 12 apartments and associated works. Re-submission of CH/19/399 (Amendment to Boundary), granted May 2025. Site is allocated within the Local Plan 2018 - 2040.	-	Development potential, <b>FULL</b> planning permission	Brownfield
<b>C504</b>	Land bound by Ringway, Church Street and Market Hall Street, Cannock Town Centre, WS11 1EB.	1.80	43	398140	310254	Major	YES	YES	Achievable within 5 years	Cannock Town Centre	Urban Town Centre - 50dph	Cannock, Longford & Bridgtown / Cannock Park & Old Fallow	90%	70	-	Site was formerly multi storey car park, market hall and retail, units. Church Street, Cannock in SHLAA 2022 and identified in the Cannock Development Prospectus as a site for redevelopment as part of Town Centre redevelopment for 40-50 dwellings, to be pursued in short term. Part of a potential wider site redevelopment scheme comprising circa 5,000sqm retail/F&B units, 5 screen cinema. Site also included in ELAA Ref: CE73. Site is 2ha -NDA not provided assumed at 90% site NDA 1.8ha. CH/23/0131 is an outline planning application with all matters reserved for regeneration of town centre including mixed use leisure and cultural hub, refurbishment of Prince of Wales Theatre, upto 750sqm if new cafe/bar/restaurant premises within the theatre, new cafe building (upto 325sqm), managed workspaces (upto 1300sqm), replacement retail unit (upto 1858sqm), new office accommodation (upto 3170sqm), extra care/retirement accommodation (upto 70 dwellings), bicycle hub and associated public realm improvements, granted July 2024. The site has been allocated for mixed use development within the Local Plan Review Reg 19. CH/24/249 is a reserved matters permission for the access, layout, landscaping, external appearance and scale of the Northern Gateway comprising cafe, ramps and steps, new toucan crossing to Ringway and landscaping to public realm including infill of the subway, approved January 2025. Site is allocated within the Local Plan 2018 - 2040.	Abutting Conservation Area. Adjacent to Listed Building.	Development potential, <b>FULL</b> planning permission	Brownfield

51 0

**MAJOR SITES LOCAL PLAN ALLOCATIONS: CANNOCK, HEDNESFORD AND HEATH HAYES**

<b>C86</b>	Land at Walsall Road, Avon Road, Hunter Road, Hallcourt Lane, Cannock	0.43	55.84	398125	309953	Major	YES	NO	-	Cannock Town Centre	Urban Town Centre - 50dph	Cannock, Longford & Bridgtown	-	24	-	Site is allocated within the Local Plan 2018 - 2040. CH/04/0566 was outline planning permission for a mixed use development including residential. A revised planning application (CH/09/0094) was approved in November 2009 for amendments to the original permission, which included residential development (24 dwellings). Site Area reduced in consideration of application site C511 proposed in Town Centre Prospectus covering proportion of site.	Previous developer entered into administration and site now in multiple ownership. Previous schemes currently unviable and residential use is not being proactively considered by new landowners at present.	-	
<b>C116a and C116b Pt 1</b>	Land south of A5190, Lichfield Road, Heath Hayes (Phase 1)	20	17	400574	309641	Major	YES	YES	Achievable within 5 years	Hawks Green / Heath Hayes & Wimblebury	Suburban Area 35dph	Norton Canes	-	200	-	Previously formed part of C116 but site has since been put forward as separate representation. Land agent Richborough Estates promoting site, with consent of landowner. Site is allocated within the Local Plan 2018 -2040, the site (C116a) formerly comprises of Green Belt (released from the Green Belt through the Local Plan) and includes site C116b as Safeguarded County Parkland to be brought forward in conjunction with the residential development of C116a. Site is greenfield, currently in agricultural use. Site area of C116a is 32.4ha. NDA is circa 20ha (60% given scale of site). Lies adjacent to urban edge. Indicative concept plan and promotional document produced, supported by preliminary technical assessment work related to Green Belt, landscape and visual impacts, flooding and drainage, access, ecology and infrastructure. Work identifies woodland, water features and hedgerows on site- further survey work required to determine extent of species and habitats. Suggests potential for on-site infrastructure provision e.g. school. Promotional document provided. Potential for BNG. Proposed development is for 700 dwellings, split to form Part 1 200 dwellings and Part 2 comprising of 500 dwellings. Statement of Common Ground signed as part of Local Plan process to agree timeframe for development to be built out. Build-out rate agreed - 25dpa in Year 1, 75dpa in Year 2, and 100dpa there after.	Green Belt. Coal Authority High Risk Development Area (on southern part of C116b). Adjacent to SBI. Proximity to listed building on Lichfield Road. Public right of way through site. Proposed recreational footpath/cycle route lies along southern boundary of C116b. In proximity to operational landfill.	Development Potential, <b>LOCAL PLAN ALLOCATION</b>	Greenfield
<b>C177</b>	Land at Girton Road/Spring Street, Cannock	0.40	60	398483	309725	Major	YES	YES	Achievable within 5 years	South & West Cannock	Suburban Area 35dph	Cannock, Longford & Bridgtown	100%	24	-	Site is allocated within the Local Plan 2018 - 2040. The site is currently laid to grass and is vacant. County Council has sold the land. CH/21/0476 is a planning application for the erection of two apartment buildings to accommodate 24no. Apartments and associated development, including access, parking and landscaping, awaiting S106.	Currently open space - previously used as a school playing field. To be left in-situ for 10 years (from 2006) under Sport England rules.	Development Potential, <b>LOCAL PLAN ALLOCATION</b>	Greenfield
<b>C279a Pt1</b>	Land east of Wimblebury Road at Bleak House, Heath Hayes	11	11.36	401935	310505	Major	YES	YES	Achievable within 5 years	Heath Hayes & Wimblebury	Suburban Area 35dph	Heath Hayes & Wimblebury	-	125	-	Housebuilder (Taylor Wimpey) are landowner and site promoter. Site is allocated within the Local Plan 2018 - 2040, the site formerly comprised of Green Belt (released from the Green Belt through the Local Plan) and includes former site C84 (Safeguarded Land). Site is greenfield. Site area is circa 18ha. Proposed development area is 11ha with the remaining circa 7ha proposed for open space. Statement of Common Ground signed as part of Local Plan process to agree timeframe for development to be built out. Proposed development is for 435 dwellings, split to form Part 1 comprising of 125 dwellings, Part 2 comprising of 310 dwellings. Build-out rate agreed at 25dpa in year 1, 50dpa years 2-9 final 10dwellings to be completed in year 10. Outline Planning Application for proposed residential development for up to 435 residential dwellings with ancillary amenity areas, landscaping, parking, drainage basins and other associated infrastructure including the Wimblebury Road Relief Road, all matters reserved except for detailed vehicular accesses on to Wimblebury Road and Cannock Road, not yet determined.	Green Belt. Coal Authority High Risk Development Area. Historic Landfill. In proximity to SSSI. Previously formed part of Open Cast Coal and Clay quarry. Some mine shafts on site.	Development Potential, <b>LOCAL PLAN ALLOCATION</b>	Greenfield
<b>C488</b>	Land at 521 Pye Green Road, Hednesford, Cannock	2.02	39.60	398495	313411	Major	YES	YES	Achievable within 5 years	Pye Green Valley	Suburban Area 35dph	Hednesford Green Heath	-	80	-	Site allocated for residential development in the Local Plan 2018 -2040. Sole landowner promoting site. Suggests residential development could consist of 50 unit care facility, 50 apartments providing supported living and 49 dwellings- total of approx 149 dwellings (NB. may be less if care facility is C2 use class). Site sits within larger housing development site C113 that includes infrastructure provision including highways improvements and new primary school. Currently occupied by mixed uses including residential, horticultural, caravan storage and community uses (church) some of which may require relocation. Site area 3.16ha. Net developable area is 2.59ha. Area suggested for housing is 2.02ha. Estimated capacity has been reduced to reflect relatively high density levels being assumed situated within a largely medium density scale development area.	Proximity to SAC and AONB. Part of site Historic Landfill. Parts of site Coal Authority High Risk Development Area.	Development Potential, <b>LOCAL PLAN ALLOCATION</b>	Brownfield/ Greenfield

C505	Park Road Bus Station, Cannock	0.11	136	397990	310329	Major	YES	YES	Achievable within 5 years	Cannock Town Centre	Urban Town Centre - 50dph	Cannock, Longford & Bridgtown	100%	-	15	Site is allocated within the Local Plan 2018 - 2040. Identified in the Cannock Development Prospectus as a site for redevelopment as part of Town Centre redevelopment. Potential for circa 15-20 residential homes or 50+bedroom hotel. The site has been allocated for mixed use development within the Local Plan Review Reg 19.	Abutting Conservation Area. Close proximity to Listed Building.	Development Potential, <b>LOCAL PLAN ALLOCATION</b>	Brownfield
C507	Danilo Road Car Park, Cannock	0.19	105	397801	310136	Major	YES	YES	Achievable within 5 years	Cannock Town Centre	Urban Town Centre - 50dph	Cannock, Longford & Bridgtown	100%	-	20	Site is allocated within the Local Plan 2018 - 2040. Identified in the Cannock Development Prospectus as a site for redevelopment as part of Town Centre redevelopment. Potential for circa 20-30 residential homes.	Close Proximity to Conservation Area.	Development Potential, <b>LOCAL PLAN ALLOCATION</b>	Brownfield
