

Request Permission to Install a Satellite dish/ Aerial

When applying to request permission to install a satellite dish/ aerial, permission will usually be granted subject to the following conditions:

Compliance

- All work is to be carried out by a suitably qualified person to an acceptable standard.
- It is your responsibility to check, obtain and comply with planning permission and building regulations together with any other relevant legal requirements.
- You must be aware of possible asbestos content to walls, floors, ceilings, aertex, soffits and if the work is likely to disturb or damage any materials know or suspected to contain asbestos you must contact us to arrange for a test to be carried out prior to any work starting. The testing and removal of any asbestos must be done using our licenced contractor.

Your Responsibilities

- Care must be taken to avoid damage to the structure of the property, and any damage resulting from the work will be the responsibility of the tenant.
- If we need to carry out repairs to your property that involves the use of scaffold or ladders we will not be responsible for the loss of signal, or move the satellite dish/aerial.
- All work will be carried out at your own expense.

You must not undertake any work until you have received written permission from us.
