SHOPAPPY IS A FAST-GROWING SUPPORT LOCAL MOVEMENT ACROSS THE UK.

We're currently in many towns and have a national campaign to bring people back to their local high streets, markets, town and city centres.

It's easier for people to see what the local shops and services provide, all in one place.

It's more convenient for time-pressed people to shop local.

You will benefit from:

- Your own online website profile with images, opening times, information & contact details
- Ability to list unlimited products or services for sale, to order or to book
- Ecommerce capability with click or collect or delivery options
- Full ShopAppy training videos and support
- Local marketing campaigns
- FREE for 12 months*

The time really is now for shopping local.

We would love to have you onboard and we can help you get set up in minutes and show you how to load products to start building up your shop window.

Contact info@shopappy.com to get started.
